

# LED Work Light 8" 360W

## FEATURES

- **HEAVY DUTY**  
IP68, heavy duty brackets and housing, virtually unbreakable PMMA lens.
- **POWERFUL**  
36x 10W high Intensity USA made CREE LED's.
- **EFFICIENT**  
Raw Lumen: 36,000lm, Effective Lumen: 19,800lm. Power: 360W, Power Efficiency: 200w (12V, 16.6A; 24V, 8.33A ).
- **QUALITY GUARANTEED**  
5yr limited warranty and full after sales service and support.

## High Performance 8" 360W Heavy Duty LED Work Light.

The 8" 360w work light is available in a spot beam. It is a versatile and powerful light able to be used for a wide range of applications in the mining industry, agricultural industry, and the defense force. It has a heavy duty design, an IP68 Ingress rating, an aviation grade aluminum alloy housing, black anodized stainless steel brackets, and is suitable for use in the harshest of environments, while still maintaining a long operating life.

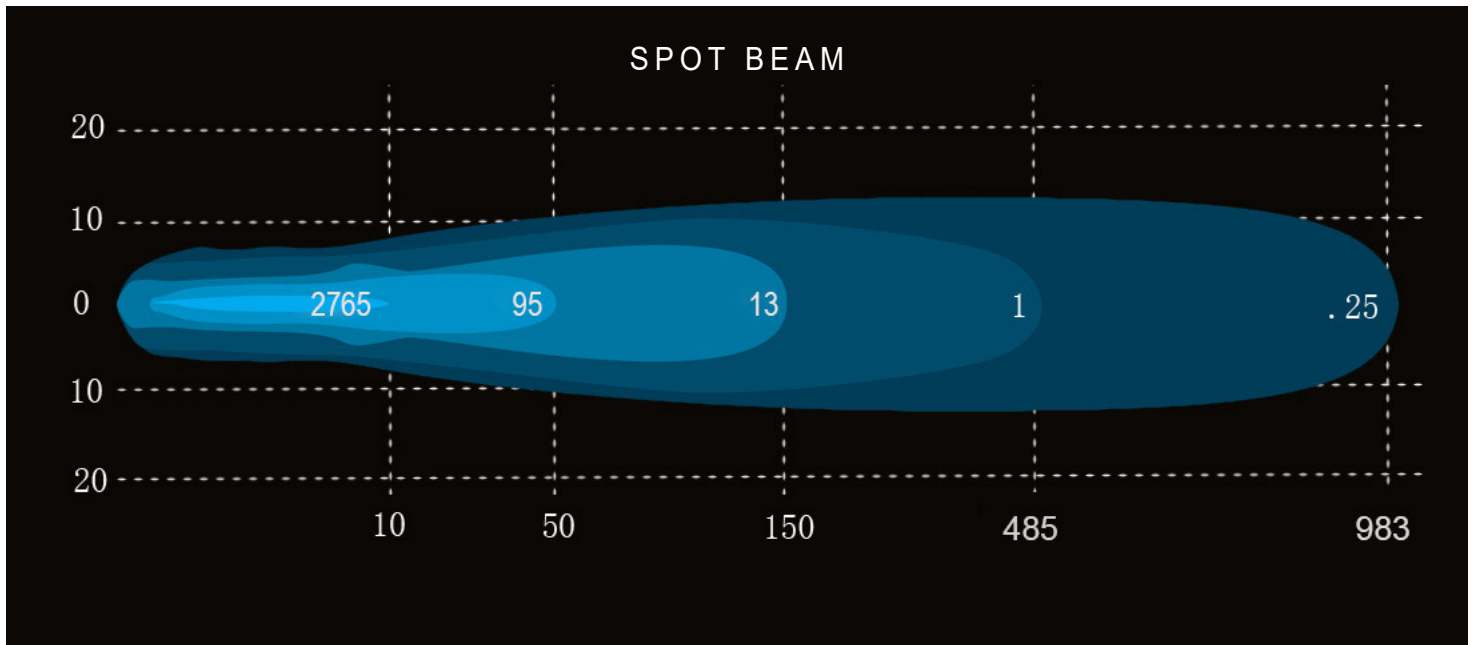

Powered with USA made CREE LED's and the latest in optical technology, the

LWL-8-360W gives you maximum brightness, minimum glare, and a safer, better, clarity of vision.

With over 20yrs experience in providing clients with the latest in emerging lighting technology solutions, the Pro Vision team prides itself on giving you the best after sales service and support for your peace of mind and to create a good long lasting professional working relationship.

# LED Work Light 8" 360W

## SPECIFICATIONS

**PART NUMBER:** LWL-8-360W.

**TYPE:** 8" 360w LED Work Lamp.

**LED's:** 36x USA Made 10W CREE in Each Light.

**BRIGHTNESS:** Raw Lumen: 36,000lm. Effective Lumen: 19,800lm.

**POWER:** 360W, Power Efficiency: 200w (12V, 16.6A; 24V, 8.33A ).

**VOLTAGE:** DC 9v-32v.

**OPTICS:** Parabolic Reflectors.

**LENS:** Virtually Unbreakable PMMA.

**BEAM TYPE:** Spot Beam.

**COLOUR TEMPERATURE:** 5500-6500K Pure White.

**INGRESS PROTECTION:** P68 Water & Dust Tight.

**WORKING TEMPERATURE:** -40°C ~ 155°C.

**OPERATING LIFE:** 50,000HRS+.

**HOUSING:** Aviation Grade Aluminum Alloy.

**BRACKET ASSEMBLY:** Black Anodized Stainless Steel.

**TERMINATION:** Waterproof Deutsch Connectors.

**VIBRATION RESISTANCE:** 5Grms-24-2000hz, Shock: 12G-8hrs  
Non-Stop Logarithmic Testing.

**SIZE:** 8.4" - W213x H201x D100mm.

**NET WEIGHT:** 5KG/pc.

**COMPLIANCE:** CE, RoHs, EMC.

**WARRANTY:** Limited 5yr Warranty.
